- Student's AI Driven performance report card will be generated after the tests.

#### Test Discussion (Online)

##### Stage-2

- Online Live/Recorded test discussion by **MK Yadav Sir & Team.**
- Important Concept **Clarification, Value Addition and Elimination Techniques** by Faculties.

#### Dedicated Mentorship

##### Stage-3

- Strategy Correction through Dedicated Mentorship with the expert based on the student's AI Driven performance report card.
- The mentors will have access to the **combined report of the previous stages** and will give streamlined and tailored made solutions to the students.

**TACKLE** is the flagship Test Series Initiative of the **IAShub** for UPSC CSE. **TACKLE 2023** is the Integrated Test Series program for Prelims and Mains for UPSC CSE 2023. The specialty of this program lies in its details. **TACKLE stands for Tactical, Artificially Intelligence driven, and Comprehensive Knowledge tests**, to drive you to higher Learning curve mentored by Experts. TACKLE program has been diligently designed by Experts with **more than 10+ years of experience** in the field of UPSC CSE. Within the **64 tests that TACKLE** program offers, the student will be able to fulfil the shortfalls in their preparation. **TACKLE** aims to plug in major loopholes which are there in conventional test series.

Pain Points	How “TACKLE” Prelims and Mains is the Solution?
Integrating Prelims and Mains preparations via test series	<ul style="list-style-type: none"><li>• Prelims and Mains Test Series by default aligned together</li><li>• Student is expected to study one subject entirely at a time</li></ul>
Evaluation of preparation level as per the UPSC CSE Requirements	<ul style="list-style-type: none"><li>• Quality questions strictly based on UPSC pattern</li><li>• AI Driven Performance Report</li><li>• Simulator tests (Online/Offline) to provide exam hall environment</li></ul>
Aligning static and current affairs preparation	Exclusive Current Affairs Tests are also included
Underestimating CSAT Preparation	CSAT Tests mapped with the UPSC difficulty level included
Getting Objective and Rational feedback	<ul style="list-style-type: none"><li>• Dedicated Mentorship</li><li>• Online – Live/Recorded test discussion</li></ul>
Score Enhancement Technique and effective Time Management	<ul style="list-style-type: none"><li>• Elimination Techniques to accurately &amp; quickly derive answers</li><li>• Targeted Schedule with suggestive booklist</li><li>• Multiple revision via Sectional and Full length tests</li></ul>
Lack of strategy or frequent deviations, instead of refinement	Expert sessions and mentor feedbacks to help students continuously modify their strategy, as per preparation level
Lack of customized learning requirements	Offline Evaluation along with AI Testified report generated for prelims will help students to refine their strategy according to their strengths & weakness and the psychometric analysis
